RE: Michael Long, Stunt Coordinator

To Whom It May Concern:

This letter is to recommend Michael Long for the position of stunt coordinator. Mr. Long was invaluable during the pre-production and production of the independent feature *Brawler*. He served as the Stunt Coordinator for this project. He was hired based on his long and notable resume and track record in the stunt department. He successfully met the director's vision while maintaining safety as a priority during rehearsals and on set. *Brawler* had many difficult choreographed fight scenes with numerous distractions during filming. He coordinated and managed key actors and stunt players with expertise for the duration of the production. His track record also helped to secure a reasonable insurance package for a film with many stunt and fight scenes. He maintained a positive attitude during long hours and numerous takes for certain scenes and provided important knowledge from his years of experience. He was, in short, integral to the making of *Brawler*.

Our production company plans to use Mr. Long in the future and would recommend him as a team player, leader, and strategic thinker and planner. He would serve any production well due to his hard work, experience, work ethic, and creativity.

Sincerely,

Nathan Grubbs

Re: MIKE LONG – Stunt Coordinator

Dear Fellow Producer:

For over ten years and on fifteen different motion pictures I have worked with stunt coordinator Michael R. Long. Mike has successfully coordinated everything from car chases to fights to complicated wirework for me, without a single mishap and with a level of knowledge and professionalism that is appreciated by all.

Mike dedicates himself 100% to a production, often going above and beyond the call of duty. He is thorough, caring, and personable, great with kids and adults alike. Mike is also very budget conscious, but never compromises the safety of the actors, stunt people, or crew members. Because of his outstanding safety record, Mike is often requested by our bond companies.

Mike and I recently completed two films for producer Avi Arad, who was very pleased with Mike's work and that of his excellent team: "Bratz: The Movie" and "Robosapien."

I hope you will seriously consider Mike Long for Stunt Coordinator. You will not be disappointed in his talent, dedication, or ability.

Please do not hesitate to call me with any questions.

Sincerely,

Eric Breiman  
VP Production  
C: 310 254-4832

March 16, 2010

To Whom This May Concern,

My name is Marc Macaulay and I have been a professional actor for over 27 years. I have had the privilege of working with Michael Long and highly recommend him as a Stunt Coordinator.

In my career I have worked on over 75 films and 60 television shows, most of them in the action adventure genre. As a result, over the years I have worked with many different stunt coordinators. I can honestly say Mike rates among the best I have ever had the privilege to work with. His knowledge of fight choreography, for example, is second to none. I have enjoyed being part of the action as Mike directed spectacular stunt sequences and put his excellent sense of camera placement to work.

Safety is always a top priority for Mike, and whether it's car work, high falls, fight scenes, or pyrotechnics, I feel completely safe in his care. Mike has an excellent knowledge of stunts, and has always been great to work with. His demeanor on set and off is consistently pleasant and professional.

I hope that you will consider Mike Long for Stunt Coordinator on your next project.

Sincerely,

Marc Macaulay
